

RATINGS REINSPECTION

The owner or Qualified Food Operators of any food service establishment may make application for a re-inspection for the purpose of improving the rating score given to the establishment. If you wish to make such an application, please follow the procedure below:

The owner or Qualified Food Operator must make a written request for the re-inspection. Application for the re-inspection follows.

The request must be in the form of a signed statement that specifies how each violation noted in the original inspection report has been corrected or addressed. A statement that “everything has been corrected” is **not** acceptable.

The request must be accompanied by the re-inspection fee which is currently \$185.00.

Within ten (10) days of our receipt of the re-inspection request, a full re-inspection will be conducted by the sanitarian and a new rating score assigned.

There may be only one (1) re-inspection request for each regular inspection.
